

PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Davidson Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—
"Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headaches, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—
"I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound. Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills."

No Race Suicide in Chelsea.
Chelsea, April 6.—A ten-pound boy was born last week to Mr. and Mrs. A. H. Morey, and Tuesday morning an

eleven-pound boy was born to Mr. and Mrs. Eliza Burgess. This makes ten children for Mr. and Mrs. Burgess, the age of the eldest being nearly 20 years.

Vegetable Compound sooner, for I have tried so many remedies without help.

"I dreaded the approach of my menstrual period every month, as it meant so much pain and suffering for me, but after I had used the Compound two months I became regular and natural and am now perfectly well and free from pain at my monthly periods. I am very grateful for what Lydia E. Pinkham's Vegetable Compound has done for me."

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

The success of Lydia E. Pinkham's Vegetable Compound rests upon the well-earned gratitude of American women.

When women are troubled with irregular, suppressed or painful menstruation, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

MAY DELAY CANAL WORK

Funds Provided by Congress Insufficient

TO CARRY WORK FAR.

Only \$10,000,000 Was Appropriated for Construction — This Will Last Until About October 31.

Washington, April 7.—Owing to an oversight on the part of Congress in not reducing the tax on circulating notes of the national banks based on Panama Canal bonds the Secretary of the Treasury will make no attempt to sell these bonds until Congress acts, and there is a strong possibility that the work of constructing the canal may be delayed by lack of funds, as the secretary is of the opinion that the loan could not be floated on account of the handicap of an extra half per cent tax involved. When Congress authorized the construction of the canal it appropriated \$10,000,000 to be used in construction work, and authorized the Secretary of the Treasury to sell bonds to the amount of \$130,000,000, as the funds were needed to continue the work on the great waterway. Three millions of the ten millions have been expended. At present the expenditures on the canal amount to about \$300,000 a month, but almost immediately the new Canal Commission will begin to push the work, and the monthly expenditures may go far above the million mark. At that rate, the funds now on hand will last only until Oct. 31. At the meeting of the Canal Commissioners it was decided that all pending matters in the way of contracts, etc., shall be pushed to a conclusion at once, and that to this end daily meetings of the Commission will be held for the next week or two.

NEW BANK PRESIDENT.

Solon F. Frary at Head of White River Junction Institution.

White River Junction, April 7.—The vacancy in the presidency of the National Bank of White River Junction, occasioned by the death of George W. Smith, has been filled by the election of Solon F. Frary of South Strafford to that position. L. D. Wheeler of this village has been chosen a director of the institution. Each of these elections is to fill an unexpired term to January 1, 1906.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longcliff hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 20, 1902, in an awful condition. He had lost his mind almost entirely. He hardly knew one of the family, could not even find his bed; was a total wreck. He had from 5 to 10 fits a day. We were urged to try Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two very light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to ask any questions concerning this, they are at liberty to do so."

E. H. BUNNELL, Lincoln, Ind.
Dr. Miles' Nervine is sold by your druggist. You will guarantee that the first bottle will benefit. If it fails, he will refund your money.

MUCH INTEREST SHOWN.

Windsor County Good Roads Meeting Successful.

White River Junction, April 7.—The meeting of the road commissioner of Windsor county held here Wednesday at Foresters' hall by appointment of the state highway commissioner, C. W. Gates of Franklin, was unusually well attended. Every town in the county, except four, was represented. There were also present four or five commissioners from Orange county, and six selectmen, one from Hartford, and the others from nearby towns.

Sick Wives and Daughters.

You have often seen them with pale faces, poor appetite, head and backache, symptoms common to the sex. Fathers and mothers, lose no time in securing Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y. It will cost only one dollar and is much cheaper than sickness. Write to Dr. David Kennedy's, Rondout, N. Y., for a free sample bottle. Sold in Barre by E. A. Drown.

ROCKLAND TO FIGHT IT.

Retains Counsel in Case of Liquor Agency Seizure.

Rockland, Me., April 7.—The managers of two leading wholesale grocery stores, one of which is owned by Gov. Cobb and partners, and City Liquor Agent E. H. Clark were notified by the county authorities to appear in court yesterday afternoon to answer charges of violating the prohibitory liquor law.

The stores were raided Wednesday by Sheriff Tolman and deputies, who seized a quantity of patent medicines said to contain a large percentage of alcohol. The city agency was entered about the same time by the officers and five wagon loads of liquor valued at \$2,000 were removed.

The city of Rockland has decided to oppose the action of the sheriff and his men and has retained Congressman Charles E. Littlefield and State Representative Arthur S. Littlefield to appear for it in court. The city officials claim to be in ignorance of the process by which the city liquor was seized. It has been suggested that the liquor was not marked with the name of the agent, as required by law, but the city officials claim that if this omission was made in conducting the agency the violation was purely a technical one.

After the seizure Wednesday the city ordered a new stock of liquors for the agency, but yesterday it was decided to cancel the order pending the outcome of the court proceedings.

FOUND HIS WIFE'S BODY.

Burlington Man Went To Dinner and Made Discovery.

Burlington, April 7.—When Exilda Loisel, a carpenter, living at 14 Crombie street went home to his dinner at noon yesterday, he was horrified to discover his wife lying dead on a couch. He quickly summoned a doctor and other aid but the woman was past recovery. The physician's opinion was that she had died from a sudden paralysis of the heart, induced perhaps by over-exertion. Mrs. Loisel had been a semi-invalid for some time, but she had been able to do her own work and to go out on the street, etc. She appeared to be in her usual health, and at 11:30 o'clock was on the street on some errand. Death must have occurred shortly after she returned home.

Burlington's Municipal Lighting Plant.

Burlington, April 7.—The machinery in the power house of Burlington's new municipal lighting plant was started up yesterday and everything went smoothly. The opening of the plant and the lighting of the street by the city's own electricity is now only retarded by the absence of wires. The business of the erection of poles and stringing of the wires is going ahead very rapidly, however, and will be completed before long. About 8 or nine miles of wire have already been strung and additional gangs are to be put to work today or tomorrow. It is impossible to predict just at present when the city will have its own electricity. The contractors, Bellman & Sanford, will operate the plant for a while after its completion.

BABY ONE SOLID SORE

Could Not Shut Eyes to Sleep. Forty Boils on Head. Spent \$100 on Doctors. Baby Grew Worse.

CURED BY CUTICURA FOR \$5

"A scab formed on my baby's face, spreading until it completely covered her from head to foot, followed by boils, having forty on her head at one time, and more on her body. Then her skin started to dry up and it became so bad she could not shut her eyes to sleep. One month's treatment with Cuticura Soap and Ointment made a complete cure. Doctors and medicines had cost over \$100, with baby growing worse. Then we spent less than \$5 for Cuticura and cured her. (signed) Mrs. G. H. Tucker, Jr., 365 Greenfield Ave., Milwaukee, Wis."

QUESTION OF SANITY.

Prisoner Williams, Charged With Murder, To Be Examined.

Burlington, April 7.—V. A. Bullard and H. B. Shaw, counsel for Benjamin Williams, now under indictment for the murder of policeman Patrick McGrath last spring, have asked permission of Judge Watson to have their client examined as to his sanity. Permission was granted and the examination will soon be made, probably by Dr. W. D. Berry, formerly of the State Hospital for the Insane. Williams is now in the county jail. He was brought from the state's prison at Windsor on Monday. The state will later make an examination into his mental condition.

Correcting Bad Habits Not Enough.

NATURE NEEDS ASSISTANCE.

To cure a torpid and inactive liver, more is required than the mere correction of bad habits. You change your diet, reform your manners of living, but unless you assist Nature your efforts won't be a success.

When the liver and bowels are acting improperly, something must be done to put them in condition again. There is lack of tone in the liver action as well as in the bowels. You feel depressed and unfitted for work, endurance or responsibility. Smith's Pineapple and Butternut Pills impart tone to a tired liver, give the push-from-behind strength to torpid muscles. They stimulate the circulation, and make the liver active and the bowels regular. Smith's Pineapple and Butternut Pills cure constipation, biliousness, headache in one night. 25 cents, all dealers. All genuine signed W. F. Smith.

SMITH'S BUCHU LITHIA PILLS
A POSITIVE CURE FOR RHEUMATISM AND ALL FORMS OF KIDNEY AND BLADDER ILLS.
AT ALL DEALERS—25 CENTS.
A CURE AT THE PEOPLES PRICE
